Lifelong Learning July 14

Marion County Administrator

Tina Spencer, Marion County's first County Administrator, will be our speaker for Lifelong Learning on Monday, July 14, at 10AM. She became County Administrator in February 2024. This was a new position, and she had worked for the County since 2005. Prior to being chosen as County Administrator, she was County Clerk since 2013. She was Deputy County Clerk from 2005 to 2013.

She will be giving updates about what is happening in different county departments and her experience in the new role of County Administrator.

Tina communicated that she would really like to be able to have a conversation and hear from those attending Lifelong Learning about our successes and also what are our challenges in today's world? What services do we want? How do we want them delivered? How can Marion County be more responsive to us? What are our ideas and dreams? She is looking forward to an interactive session with us!

We will be meeting at the Parkside Apartments, 1 Park Avenue, in Hillsboro. The public is invited!

Get to know the Parkside

Healthcare leadership encompasses the skills and qualities needed to guide and motivate healthcare teams towards achieving optimal patient care and organizational goals. It involves more than just management; it requires actively shaping the direction of healthcare, fostering collaboration, and adapting to the ever-evolving landscape of the field.

Parkside is fortunate to have an experienced team!

work

Duplex Maintenance Request procedure:

Non emergency maintenance request: Call the Parkside main phone number (620)947-2301 during the hours of 8:30 am- 4:30 pm and place a maintenance request with the business office.

Emergency maintenance request: If there is an emergency between the hours of 8:30 am- 4:30 pm call the Parkside main phone number to have the business office send maintenance immediately to your location.

If the **emergency occurs during times when the business office is closed**, call the maintenance on call number at (620)877-7789. If there is not an immediate answer from the maintenance on call, call the Parkside main phone number and it will be routed to the healthcare charge nurse. The charge nurse will contact the maintenance on call.

Get to Know your Neighbors

Phil and Mary Ellen Ronzheimer just moved to their Parkside Duplex last month, coming from Elk River, Minnesota. This is their first time in Kansas. They moved to be near their daughter and son-in-law, Heidi and Dale Lempke, who will be moving to Hillsboro in July. Dale will be the new Vice President of Academic Affairs at Tabor College.

Interestingly, Phil grew up in Chicago and attended college in Minnesota and Mary Ellen grew up in Minnesota and went to college in Chicago.

They met at Trinity College, where Mary Ellen was a student and Phil a graduate student at Trinity Seminary. Ask them about how they met, and you will see a gleam in both their eyes as they tell the story. They married 19 months later in 1970.

Phil had pastorates in five places over a 45-year span. They served churches in Danville, Illinois; Blairsburg, Iowa; Boone, North Carolina; Freemont, Nebraska; and Little Falls, Minnesota. All were very different and special. This diverse list shows their commitment to serve and adventurous spirit. Missions is also a passion, and they have traveled to South America, Africa and Mexico to help build churches and help in schools.

Ronzheimer's twin sons live in California and North Carolina and Heidi will be a new Kansan also. They have 6 very special granddaughters. Phil enjoys woodworking, specializing in miniatures, and making Christmas gifts/crafts. Mary Ellen enjoys reading and cooking. She sold Stanley Home products for many years, and in addition to great products, their children were able to obtain scholarships for college through the company.

Phil and Mary Ellen, as they acclimate to an entirely new place and community, are glad to stay in the Midwest. They like their duplex and have met several from the Parkside community and appreciate the friendliness. They are looking forward to new adventures in the area. If you have a favorite, please share it with them—or better still, invite them to join you next time you go.

We are glad you're here Phil and Mary Ellen!
